God who stretched the spangled heavens, infinite in time and place, flung the suns in burning radiance through the silent fields of space, we your children, in your likeness, share inventive powers with you. Great Creator, still creating, show us what we yet may do. As each far horizon beckons, may it challenge us anew, children of creative purpose, serving others, honoring you. May our dreams prove rich with promise, each endeavor well begun. Great Creator, give us guidance till our goals and yours are one.
